

ENHANCER-CS

ABSORPTION ACTIVATOR

*Use with Herbicides,
where Ammonium Sulfate
is recommended.*

GENERAL INFORMATION:

ENHANCER-CS will enhance the herbicide activity of certain post-emergence herbicides when used at the proper rate. ENHANCER-CS is a proprietary blend of high quality anionic and non-ionic surfactants (phosphate ester of polyglycols) and ammonium salts. When used at recommended rates, ENHANCER-CS can increase the performance of those herbicides which are recommended to be used with ammonium based Nitrogen. The added herbicide performance produced by the use of ENHANCER-CS may be more apparent in situations of environmental stress.

Seller warrants that the produce conforms to its chemical description and is reasonably fit for the purpose slated on the label when used in accordance with directions under normal condition of use; but neither this warranty or any other warranty of merchantability of fitness of a particular product, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to the seller and buyer assumes the risk of any such use.

DIRECTIONS FOR USE:

Add ENHANCER-CS to the spray tank at the rate specified by the herbicide label and follow directions for use as to rates, timing, procedures and crop restrictions. Check compatibility of proposed spray mixture in a quart jar test before large scale mixing. It is recommended that a test area be used when conditions of high humidity or high temperatures exist.

MIXING INSTRUCTIONS:

Add half the amount of water to the spray tank and begin agitation. Add the required amount of ENHANCER-CS and herbicide to the spray tank. Add the remainder with water. Continue agitation until all ENHANCER-CS has been applied.

Use Rate Of ENHANCER-CS

**1 Pint of Enhancer-CS
per Acre**

ACTIVE INGREDIENTS:

Blend of Ammonium Salts + Defoamer 50.0%
Inert Ingredients 50.0%

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONS:

Liquid causes eye injury. In case of contact with eyes, flush with water for 15 minutes. Contact physician if irritation persists. Dispose of container in accordance with local, state & federal regulations.

	Net Contents: 2.5 Gallons Net Weight: 25 lbs.
	Net Contents: 2x2 1/2 Gallons Net Weight: 50 lbs.
